

LabCorp/ Lab Work FAQs:

1

Where do I go to get the lab work?

You can easily find a lab location for blood testing nearby by visiting <https://www.labcorp.com/labs-and-appointments-advanced-search>. Enter your location, choose a location near you, and schedule your blood test appointment at your convenience.

2

What do I need to take with me?

Please take a copy of your drivers license and the Order # that will be provided by your practitioner. Make sure to note that your physician ordering labs is "Dr. James David Lawrence".

3

When will I receive the results?

Most results will arrive back within 36- 48 hours. Some particular test results may take up to 5 business days to receive results. Once your labwork results are sent back to our system, your provider will review them and reach out to you to discuss further plans and treatment.

4

How do I pay for lab work?

Your payment for your labwork will be processed by Morph Health & Wellness. Once you have completed your consult, we will process your payment for labs, therefore you do NOT pay for anything once you arrive at the LabCorp facility.

5

Anything else I need to know?

Fasting is required for lab work on the day of your labs being drawn. Please do not eat or drink anything after midnight the day before your labs are being drawn.
